

#MIDNIGHTTRAINTOBEIRA Press Release

WHAT IS THE MIDNIGHT TRAIN

The Midnight Train To Beira is a focused, citizen driven, relief aid campaign with defined delivery dates.

When natural disasters strikes, we all get the feeling that we should do something but are paralysed by the sheer magnitude of the response required.

The people of Mozambique need our help. We couldn't find an obvious way for ordinary citizens to help so we decided to create one and inspire citizen action.

OUR VISION

- Collect aid to create CARE PACKS that sustain 100 families for 30 days

MISSION

- Deliver CARE PACK on Friday the 29th March 2019
- Make it easier for others to contribute
- Assess what else is required, formulate a response on return

KEY ACTIVITIES

- Create a campaign to collect aid from ordinary citizens
- Establish a national network of collection points
- Organise Logistics for the delivery of aid to Beira
- Mobilise Citizens to accompany the Aid in order to deliver the human touch
